the right equipment
and all the
extra services
you need to get
the job done right,
on time,
safely,
and within budget,
365 days a year.

United 777

Liquid Sunshine™

**All-Purpose Degreaser Cleaner
for Housekeeping Applications**

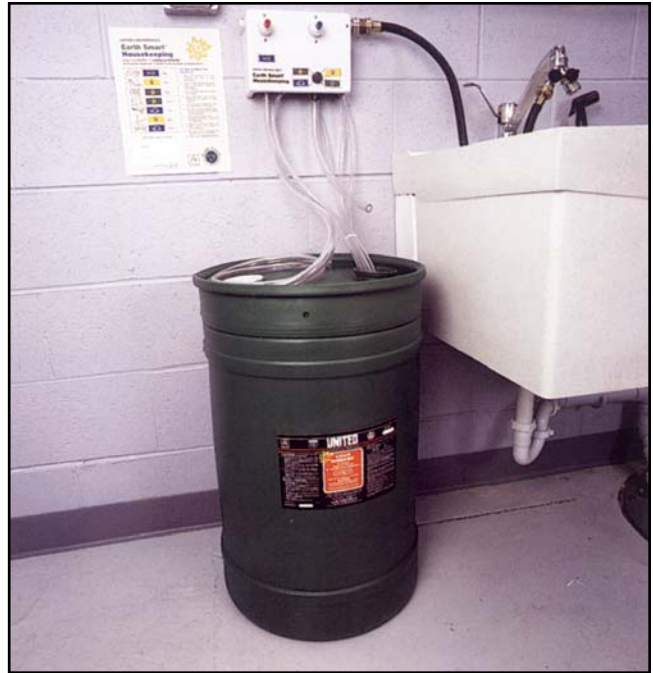

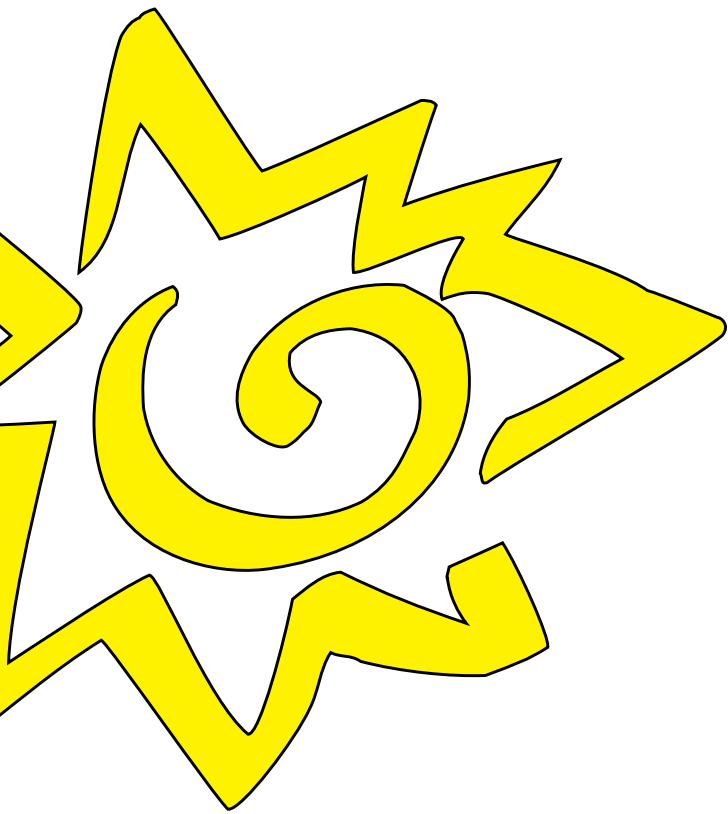

The Hottest Thing in Housekeeping!

- One product does it all—floors, walls, washrooms, counters, tabletops, windows.
- Patented Separation Technology enhances drain operation, keeps wash water cleaner longer.
- Enzyme-based formula cuts through grease, grime, food residue—even ink.
- Near neutral pH makes it safe for use on painted walls and finished floors.
- Outstanding **Sunshine** scent leaves cleaned areas smelling fresh.

**Earth Smart®
Formulation**

- No hazardous components, no VOCs, ranked zero in all HMIS categories.
- Non-toxic formula assures personal safety for workers **and** guests, students, tenants, customers, patients.
- No phosphates, alcohols or caustics.
- USDA and Ag Canada applications on file.

The right equipment assures economy and efficiency.

With the proper Blend Center in every utility closet, you'll be guaranteed never-fail, accurate dilutions and push-button simplicity.

Our Blend Centers automatically proportion the right amount of **Liquid Sunshine™** and dispense the ready-to-use solution at the push of a button. It's fool proof. You'll never over or under use.

All of our equipment is water-powered. No electricity or batteries are required. There are back flow preventers on all models.

Pick the equipment that's right for your facility....

A703 Dial-a-Blend

- Provides five different dilutions of **Liquid Sunshine™**.
- One outlet provides 4 GPM for quick bucket filling.
- Other four dilutions dispense at 1 GPM for filling bottles.

A705 Mix-and Match

- Single button unit provides **Liquid Sunshine™** at a single dilution rate.
- Ideal, budget item for satellite utility closets. Fills buckets at 4 GPM.
- Multiple units may be linked together for expanded usage.

A704 Multi-Blend

- Compact unit mixes **Liquid Sunshine™** at four different concentrations.
- Provides 1 GPM flow rate.

Earth Smart® Housekeeping:

A **single** product.

The **right** equipment.

And all the **extra** services you need to get the job done.

- **Language-Free Wall Chart and Customization System.** United has developed a language-free system which uses Smart Stickers to communicate basic use instructions. It's an ideal way to assure that your multi-lingual staff fully understands **Liquid Sunshine's** applications.
- **Installation Assistance.** All of our Blend Centers come with complete installation instructions that are genuinely easy-to-follow. However, we do know a few tricks to make your **Earth Smart® Housekeeping** set-up look and work like a pro—just ask, we'll be glad to help.
- **Staff Trainings/In-Services.** Your staff will need to be trained and we're ready to help. We have a complete outline for a typical in-service and all of the tools needed for a good training session. You can conduct the session, or we can—whichever suits your purposes best.
- **Special Dilution Quarts.** With **Liquid Sunshine's** tremendous versatility, you'll want to have a trigger sprayer of ready-to-use solution on every housekeeping cart. Our A777C is labeled for **Liquid Sunshine™** and fulfills all labeling regulations.
